PRODUCT CATALOGUE
REGISTERED TRADEMARK OF VELILLA GROUP

ABOUT MUKUA

Our purpose is to develop garments that inspire you.

At MUKUA we are not conformists. We always go further. We are a modern and creative brand.

We know that each project is unique and, for this reason, we offer you a wide range of models, colours and sizes. Your success is our success, and we want to be your best allies. Our success is based on actively listening to our customers and the hard work of our product team. We develop our garments to best suit you and your needs.

All this without losing sight of our firm commitment to both the environment and society. For this reason, we have the international EN ISO 14001 and GOTS certificates.

What can we offer?

Guaranteed stock

Delivery reliability

Customer service

Online shopping

Best value for money

Printing services and advice

Greenproject.

by Velilla Group

At Velilla Group, we have been working for many years with our sights set on the future. Offering a value proposition to our clients and generating a positive impact on our environment have always been among our priorities.

We believe that the role of business as a transformative force in society is essential to be able to contribute to the creation of long-term sustainable development, without compromising social and environmental needs.

For this reason, **Green Project**, was launched, a program that is part of our commitment and where we encompass and promote all the initiatives that we carry out to take care of our planet and all who live on it.

The use of **renewable energy**, reducing **paper consumption to 0**, even printing the pages of this catalogue in an environmentally friendly way, are just a few examples of all the measures and policies contained in this ambitious project.

More information at:
<https://www.velilla-group.com/en/greenproject-en>

MUKUA natura

Our new MUKUA NATURA collection is based on certified sustainable products made from organic cotton and recycled polyester.

This catalogue is printed on PEFC certified paper.

The raw material comes from forests certified by independent experts to ensure that they are managed according to strict national and international standards. In this way, we contribute to stopping deforestation and we are supporting foresters and forest owners who care for and manage their forest lands sustainably.

VelillaGroup.

We comply with the highest environmental standards in the market

Global Organic Textile Standard (GOTS)

GOTS is an internationally recognized quality seal standard that assures care and respect for the environment and workers involved throughout the textile production and supply chain. GOTS focuses not only on the cultivation of the organic fibers, but also on the care and respect of the environment and the reduction of the possible negative impact during all the process. This includes all steps from cultivation up until the delivery of the articles, as well as improving the working conditions of all those involved in the manufacturing process.

What does GOTS imply?

Its compliance entails specific requirements such as ecological cultivation, elimination of prohibited chemical substances, consumption, waste and discharge reduction, fair wages amongst many other details.

All our **MUKUA NATURA** collection products are sustainable and respect the environment. Only maximum quality materials like 100% organic cotton and 100% recycled polyester are used. A sustainable choice so that your items share your values.

Find the **GOTS** label on the entire **MUKUA NATURA** collection.

UNE-EN ISO 14001 International Standard

Is the norm of reference for the implementation of a Management System that helps to control environmental aspects.

Velilla Group complies with this norm by making decisions that commit to proactively protect the environment against possible deterioration and degradation.

WHAT'S NEW

Discover all the new products
in our new catalogue!

OUTERWEAR

[NEW COLLECTION]

We don't want you to get chilled and that's why we are launching our new OUTERWEAR collection, where you will find our warm PERTH fleece and two new references: our attractive STOCKTON windbreaker and the versatile MELTON vest, two must-haves for your creations!

[Go to pages 73 - 79]

KIDS

[NOVELTIES]

With the novelties of the KIDS collection you won't want to grow up. In this new catalogue we have included the children's version of our most popular polo shirt, the new MACKAY KIDS. And for the coolest ones, two new sweatshirts to be the centre of attention: BYRON KIDS and AVALON KIDS.

And that's that... but this story isn't over yet! Browse our catalogue to discover the new colours of our MELBOURNE KIDS T-shirt and SYDNEY KIDS sweatshirt. An explosion of colours!

[Go to pages 18 - 19 - 34 - 35 - 56 - 57]

NEW POLO SHIRTS

[MACKAY WOMAN and MACKAY KIDS + HOBART and HOBART WOMAN]

Following the success of our unisex MACKAY short-sleeved polo shirt, we are expanding the range with the MACKAY WOMAN polo shirt for women and the MACKAY KIDS polo shirt for children. And to go even further, we are introducing a long-sleeved version, the new HOBART model, both in its unisex version and in HOBART WOMAN for women.

These irresistible polo shirts are made of 100% pre-shrunk RingSpun cotton, reducing the risk of shrinkage, making them pure softness and comfort.

[Go to pages 34 - 36]

NEW SWEATSHIRTS

[BYRON AND BYRON KIDS + AVALON KIDS]

We are sure that our new BYRON sweatshirt will not leave you indifferent. With a practical front zip and hood, this versatile sweatshirt is made of soft carded fleece, nothing better to keep you warm and cosy.

In order for the little ones to also be able to enjoy our sweatshirts, the AVALON and BYRON models are now available in children's sizes.

[Go to pages 54 - 57]

BROADENING OF OUR SIZE RANGE

Are you aware of our size range? No wonder, it's impossible for it to go unnoticed. You can find many of our models available in sizes S to 5 XL. And this year, we have introduced new sizes in many of our series:

T-shirts PALM and MELBOURNE.
Polo shirts GIBSON, CLIFTON and NOBBY.
Technical shirts TECH and MOVE.

Are you ready to be surprised?

BROADENING OF OUR COLOUR RANGE

At MUKUA we always want to go further, that's why this new catalogue is full of UNISEX, WOMAN and KIDS models available in a modern and attractive palette of colours. The perfect excuse to let your imagination run wild.

New colours in MELBOURNE and PARADISE T-shirts.

And also in AVALON and SIDNEY sweatshirts.

COLOUR LINK

We bet on a wide and consistent offer of colours in various models of unisex, women and kids. Discover all the products that share colour palette in t-shirts, polo shirts and sweatshirts.

MUKUA NATURA

JOIN THE CHANGE	[P. 65]
LAKE	[P. 66]
ECO BAG	[P. 67]
VALLEY	[P. 68]
CANYON	[P. 70]

All our MUKUA NATURA collection products are sustainable and respect the environment. Only maximum quality materials like 100% organic cotton and 100% recycled polyester are used. A sustainable choice so that your items share your values.

Join the change.

The new **MUKUA NATURA** collection has been developed under the same commitment with the environment and society, to offer you more sustainable and eco-responsible garments by favouring a new way of creating and consuming. We want to be part of the change in the industry, raising awareness for responsible consumption.

All of our MUKUA natura products meet the most demanding and important requirements and have been awarded the most prestigious certificates in the sector:

GOTS

The Global Organic Textile Standard (GOTS) applies to all textiles produced with organic fibres and certifies their sustainability along the entire textile production and supply chain. Its worldwide recognition is due to the fact that it is very comprehensive as it takes into account many criteria, not only ecological but also social and ethical.

FAIR WEAR

The Fair Wear Foundation (FWF) is an independent organisation working for a better future for the textile industry. The Fair Wear certification of our garments guarantees that workers' conditions and rights have been respected throughout the production chain, as well as fair trade practices. Living wages, free choice of employment, no child labour or discrimination at work, appropriate working hours, freedom of association, legally binding employment relationships and safe working conditions.

OEKO-TEX

Our products are OEKO-TEX® certified, which guarantees the absence of harmful substances both in the garments and in their manufacturing stages, and therefore also comply with the REACH regulation of the European Union, which restricts the use of chemical substances and heavy metals that are toxic to the health of users.

VEGAN

We are proud that our garments have the PETA Approved Vegan seal, which means that they are not tested on animals and do not contain animal-derived fabrics. In addition, they are animal-friendly, as no animals have been involved or harmed during the entire manufacturing process, from the harvesting of the raw materials to the final production.

VeillaGroup is certified under the Global Organic Textile Standard (GOTS)

PRINTING SERVICES

DO YOU NOW OUR CERTIFIED PRINTING SERVICES

We have our own certified printing services to support our customers with big projects, offering complete and efficient service. Furthermore, we bet on a sustainable future, therefore, our print shop is certified according to Global Organic Textile Standard [GOTS]. **Consult your sales advisor for more information.**

If you choose our **MUKUA NATURA**, collection, thanks to our certified print shop we can guarantee full GOTS certification and traceability.

WE OFFER THE FOLLOWING:

TRANSFER

This technique is known for its versatility, as it allows printing on almost any fabric, adapting itself to any of the products in our catalogue.

It's a very quick technique and one of the easiest. It is also possible to work with various textures according to your designs.

DIRECT TO FILM TRANSFER (DTF)

Our assortment of t-shirts and sweatshirts are ideal for applying this innovative and simple printing technique thanks to its composition with a high cotton content.

Digital transfer (DTF) is one of the most advanced printing techniques, whose success lies in its great resistance despite the passage of time thanks to the application of heat when applying the design.

SCREEN PRINTING

Our t-shirts, polo shirts and sweatshirts are perfect for screen printing all your creations.

This popular technique is ideal for big quantities, without the risk of losing print quality and offering long durability.

It is also possible to combine different inks to obtain a multitude of different effects.

EMBROIDERY

A huge classic that does not go out of style. This personalisation technique's success is due to its durability and high-quality finish; therefore, it is not only used in corporate sectors. Did you know that now you can also combine screen printing and embroidery? You can choose any of our items, since you can use this technique on all of them

ADVICE

To accompany you in your projects and give you the best service, we have a printing advice service available to all our clients.

Whatever your project, our team will help you choose the most appropriate printing technique, taking into account every last detail.

MATERIALS CHART

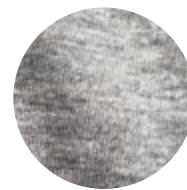

PRE-SHRUNK RINGSPUN COTTON

This type of cotton, for the structure of its fiber, has reduced risk of shrinkage throughout the washing and drying cycles. Aside from this characteristic, our Mackay polo is also made of superior quality RingSpun cotton.

RINGSPUN COTTON

Our t-shirts are made of superior quality RingSpun yarn. Among its great advantages, we can point out the very soft touch, unequalled printing results and more stability after washing.

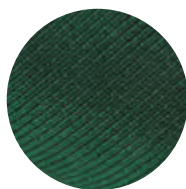

ELASTANE

It's a synthetic fiber known for its great elasticity. Our items have elastane components in the collar and cuffs to prevent their deformation.

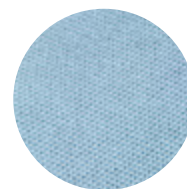

BRUSHED FLEECE

Our sweatshirts are made of cotton-polyester with brushed interior that provide greater warmth and softness.

RIB KNIT

This type of fabric is found primarily in the collars and cuffs of our items, it gives them greater elasticity and lower risk of deformation.

PIQUÉ

Due to its honeycomb structure, this fabric is primarily used for polo shirts. Ours, specifically, offer superior durability and better finishing.

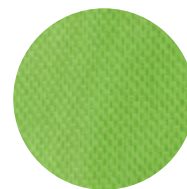

POLAR

Polar fleece fabric was developed to isolate from the cold and resist humidity without sacrificing body breathability. It also provides unique softness and comfort.

SINGLE JERSEY

It's a type of knitted fabric, popular for its lightness and elasticity. It can be found in our t-shirts to which it provides greater flexibility and comfort.

BIRD EYE

This type of fabric is made from 100% polyester. Its construction allows incredible freedom of movement and unparalleled lightness. Moreover, its fast-drying properties and easy ironing make it ideal for sportswear.

TWILL

Twill is a fabric that is constructed with parallel diagonal threads. Thanks to its structures, although thin it is a resistant and lasting material. At MUKUA we use twill to produce our caps, making them a high-quality product.

TAFETTA

The new vests and windbreakers are made of a thin polyester fabric. This fabric is characterized for its softness and firmness, giving body to our items. One of the main characteristics of this fabric is the compressed interior structure that facilitates washing.
