Hand-woven basket

- Woven by hand from seaweed fibre.
- Environmentally friendly: inner lining woven by hand from recycled yarn.
- This item helps support the economy of families living in remote villages of Bangladesh, and the work of women in particular, thus helping to prevent these villages from being deserted.

100% vegetable fibre. 70% cotton / 25% polyester (lining). Hand-woven basket made from vegetable seaweed fibre. The inner lining is hand-woven from recycled materials (80% cotton/20% polyester). This basket is hand-woven using traditional looms from Bangladesh, called "tant" looms. The traditional weaving gives the canvas a distinctive and unique handcrafted look. This basket is part of the "Handloom recycled project" collection that arose from a collaboration between the Kimood brand and the HandTouch company, a member of ECOTA, a fair trade organisation in Bangladesh. This item helps support the economy of families living in remote villages of Bangladesh, and the work of women in particular, thus helping to prevent these villages from being deserted. There is a label inside the bag with details about the project and there is also a space for decoration to add logos and/or messages.
